RE: Chesapeake National Recreation Area

Dear Senator Van Hollen and Representative Sarbanes:

On behalf of the Maryland League of Conservation Voters, I am writing to thank you for your leadership to create the Chesapeake National Recreation Area (CNRA), a new unit of the National Park System in the Chesapeake watershed. Maryland League of Conservation Voters recognizes that making the Chesapeake Bay accessible to more people is integral in inspiring support for its protection and long term viability. We support the establishment of this new national recreation area as an opportunity to provide greater access to the Bay and education about its place as an invaluable resource for this region. We look forward to working with you to ensure that the Chesapeake is recognized for its natural and historic significance by inclusion in the National Park System.

Those of us who live and work in this region know that the Chesapeake Bay watershed is a natural wonder fully deserving of national park status. We strongly support the goals of the new recreation area to recognize the Chesapeake's national significance, conserve and interpret these resources, expand public access, enhance tourism and local economies, engage watershed communities, promote diversity and equity, improve water quality, and advance the conservation goals of the Chesapeake Bay Program and the Chesapeake Bay Gateways Network.

We endorse the acquisition of land and land-based resources via willing donation, purchase from a willing seller, and/or exchange or transfer from another Federal Agency. We are also encouraged that the Act clearly protects the interests of commercial and recreational fishers, nor does it alter the jurisdiction of each State, with respect to fisheries and wildlife management.

Establishing the CNRA will ensure visitors from near and far will hear the stories of the nature and history of the Chesapeake Bay area. The creation of the CNRA will enhance public understanding of the Bay at participating National Park Service sites and partner sites to tell the story of the outstanding, remarkable, and nationally significant resources of the Bay watershed - resources worthy of respect and protection.

Thank you once again for leading this important initiative. We look forward to working with you on bill introduction and final passage to establish this new national recreation area in the Chesapeake.

Sincerely,

A handwritten signature in black ink, appearing to read "Kim Coble". The signature is fluid and cursive, with the first name "Kim" and last name "Coble" clearly distinguishable.
