The Honorable John Sarbanes
U.S. House of Representatives
2370 Rayburn House Office Building
Washington, DC 20515

RE: *Chesapeake National Recreation Area*

Dear Senator Van Hollen and Representative Sarbanes:

On behalf of Preservation Maryland and our thousands of statewide supporters, I am writing to thank you for your leadership to create the Chesapeake National Recreation Area (CNRA), a new unit of the National Park System in the Chesapeake watershed. As Maryland's oldest, largest, and most effective preservation organization, we work to protect Maryland's unique and irreplaceable heritage. Establishing the Chesapeake Bay as a National Recreation Area helps to preserve this historic landscape and will celebrate the Bay's diverse history and culture. We thank you for your leadership, and we strongly support the establishment of this new national recreation area, and we look forward to working with you to ensure that the Chesapeake is recognized for its natural and historic significance by inclusion in the National Park System.

Those of us who live and work in this region know that the Chesapeake Bay watershed is a natural wonder fully deserving of national park status. We strongly support the goals of the new recreation area to recognize the Chesapeake's national significance, conserve and interpret these resources, expand public access, enhance tourism and local economies, engage watershed communities, promote diversity and equity, improve water quality, and advance the conservation goals of the Chesapeake Bay Program and the Chesapeake Bay Gateways Network.

We endorse the acquisition of land and land-based resources via willing donation, purchase from a willing seller, and/or exchange or transfer from another Federal Agency. And we support the requirements that nothing in the Act would impact or affect commercial or recreational fishing or enlarge or diminish jurisdiction of each State, with respect to fish and wildlife management.

Establishing the CNRA will allow all stories of the watershed, its citizens, and its history to be shared with visitors from across the world. The creation of the CNRA will enhance public understanding of the Bay at participating National Park Service sites and partner sites to tell the story of the outstanding, remarkable, and nationally significant resources of the Bay watershed.

PRESERVATION MARYLAND

Thank you once again for leading this important initiative. We look forward to working with you on bill introduction and final passage to establish this new national recreation area in the Chesapeake.

Sincerely,

Nicholas A. Redding
President & CEO, Preservation Maryland
